

Inventory management is the process of recording, tracking, and controlling inventory within a business. An inventory management system can help to keep track of inventory levels, reorder information, adjust items, etc. With Gridlex Sky, users can store their stock information, track their items, get detailed inventory reports and more.

If you need any help with any feature, data migration of your old accounting data, questions on Chart of Accounts (COA) or anything at all, just email aps@gridlex.com, and our team of expert accountants will be here to help you. Remember, that one of Gridlex's core values is Customer Success. We want you to be successful.

Inventory Management in Gridlex Sky

Step 1: Login into your Gridlex App Suite Account and choose the entity of your choice. Go to the "Inventory" tab and click "Add Inventory."

Quick Tip

Gridlex Sky offers a list of shortcuts for common tasks. With the help of these quick shortcuts, users can easily navigate to this different page without having to scroll through other sections. Click on "Manage Inventory" to directly visit the Inventory Items List.

The screenshot shows the Gridlex Sky application interface. At the top, there is a navigation bar with the Gridlex logo and a user profile. Below this is a sidebar with a 'Shortcuts' section. The main content area is titled 'Shortcuts' and contains a message about help and a list of 'Shortcuts for Common Tasks'. The tasks are organized into categories: Revenue, Costs, Reports, and Setup Configuration Tasks. The 'Manage Inventory' link is highlighted with a red box.
